Discover the world of Buddhism In this book, I have focused on how to look inward and effect change in ourselves. But how is it that we can turn these same energies outward and make the world a better place? Many of us today get tired of all the bad things that we hear on the news and grow weary of the negativity in our own homes. We feel like everything has gone to the dumps. But like one of the greats once remarked, "If you don't have garbage, you have nothing to use in order to make compost." In other words, even from all the negative garbage that we experience in this world, if we know how to mix it up and turn it around the right way, even yesterday's garbage can be transformed into the compost in which we can grow the dreams of tomorrow. This book is a wonderful friend and guide in the world of Buddhism. You will see how simple and wonderful principles of Buddhism, work in everyday life, in relationships with loved ones, in business, etc Enjoy! Here Is A Preview Of What You'll Learn. How to apply the teachings of Buddhism in your life Basic principles and concepts of Buddhism What is the Four Noble Truths and Eightfold path What is meditation and its role in Buddhism How to effectively use body language How Buddhism helps in personal relationships.
